

Foundation Grant Guidelines

The Foundation awards grants in support of the programs, activities and ministries of Our Savior's Lutheran Church (OSLC) of Lake Oswego, Oregon. The programs to be funded should support the vision of Our Savior's Lutheran Church, the growth of its community, and work to achieve social stability in our local community and/or communities supported by Our Savior's Lutheran Church.

The Foundation does not fund general operating (administrative or overhead) expenses.

Requests for funding by internal OSLC ministries, projects or programs: Priority will be given to requests that prioritize enrichment, spiritual growth, member growth, and outreach to the neighborhood surrounding OSLC that include achievable goals. A report of goal achievement will be required prior to additional grant support to the ministry, project, or program.

Requests for funding by external organizations will be considered from entities, programs, or projects where OSLC has a vested interest. If an applicant received prior grant funding, a follow-up report detailing the results of the project must be submitted prior to receiving future grants. Recipients of grants will be required to permit the Foundation to publicize their organization name and project information.

Note: Please limit your application to no more than four (4) pages. No exceptions. Please do not include any supplemental information other than what is requested.
